Subject: Crack Sealing Plan for 2018

---

## Proposal 8

### 1. Filling of Cracks in the Pavement

- Includes equipment, labor, and material costs for the preparation and placement of hot liquid asphalt in visible cracks of the existing parking lot.
- Existing cracks shall be cleaned, routed and filled with Crack Master 3405, hot-poured crack filler.
- Crack Master 3405, meets or exceeds ASTM 3405 Standard Specifications.
- Crack Master 3405, shall be liquefied to application temperatures via Seal Master, SM-30 kettle.
- **Approximately 1,000 LF +/- of cracks per school @ \$3.75/LF**
- **Locations:**
  - Land O' Pines School
  - Adelpia School
  - Greenville School
  - Griebing School
  - Taunton School
  - Aldrich School
  - Ardena School
  - Memorial Elementary School
  - Newbury School
  - Ramtown School
  - Middle School North
  - Middle School South
  - Administration Building
  - Southard Community Center
- Price Per School: \$ 3,750.00/school

**\*NOTE: Costs includes approximately 14,000 LF of crack filling.** Some schools have been recently paved and will not require all (or any) of the 1,000 LF delineated for that school. In this case, excess LF will be carried over to other locations until 14,000 LF of crack filling is completed.

**Grand Total Cost for All Locations in the District:**

**\$ 52,500.00**

- ***Pavement repair and concrete/brick repair to be performed pursuant to ED-DATA contract #6887 package 24A (Macadam Paving) and Contract #6888 package 24B (Masonry and Concrete). Pricing is in accordance with services performed appurtenant to the aforementioned trades listed above.***

We are pleased to submit this proposal for work. If the above prices are accepted, please sign below and return to Diamond Construction. This proposal is valid for 30 days. If you have any questions, please call us at 732-262-7449. Thank you.
